

Kathy's Coffee Shop

Over 40+ years ago two kids met and fell in love at a restaurant they both worked at. For over 25 years now those two kids brought the love they had for each other and serving the community into their business. They raised their two daughters alongside them and taught them all they know. We jokingly say Kathy's food is best because it's made with love but love really is infused in all that we do, whether that be in our interactions with employees we view as family or our interactions with our customers that we also view as family. Love is here to stay.
